

## **Mental Health Professional**

Hutchinson Area Health Care, a multidisciplinary behavioral health center located just 45 minutes West of the Twin Cities, has an immediate full-time opening for a LP or LICSW. Our six psychiatrists, four doctoral level psychologists, EAP counselors, chemical dependency counselors, nurses, our renowned 12-bed inpatient mental health unit, and our masters trained therapists all work as a team to fulfill our mission to provide safe, superior care. We are seeking a select individual who is a Licensed Mental Health Professional (Master's trained) to work with an adult population needing mental health services. This team member will work in our Hutchinson office and, potentially, in a new satellite location in the western metro area.

The ideal candidate will have excellent skills in assessment and delivery of therapy services. Three years post-licensure experience is preferred. MN state board license required.

Hutchinson Area Health Care offers competitive wages and a comprehensive benefits package. Please submit resumes to:
